

SNPLMA Project #: \_\_\_\_\_

(To be assigned by SNPLMA Administration)

## Appendix I-2 TAHOE PROJECT PROPOSAL

**Project Name:** North Shore UB-3 Underburn

**EIP #:** 10179.04

**Lead Agency:** USFS - LTBMU

**Contact:** Mark Johnson

**Phone Number:** 530-543-2658

**Threshold:** Vegetation

**Email Address:** mgjohnson@fs.fed.us

**Threshold Standard:** Common Veg /

**Total Project Cost:** \$140,000

**Hazardous Fuels**

### **Project Description:**

Implement a management ignited underburn

### **Describe the purpose and need for the project:**

Reintroduce prescribed fire to a fire adapted ecosystem and to reduce the fire hazard by reducing surface fuel loading

### **Describe the goals and objective of the project (For Science & Research Projects describe Key Management Questions being addressed):**

Restoration of fire dependent ecosystem, reduce the potential of high intensity wildfire, and enhance the safety and efficacy of wildfire suppression efforts

### **Describe the anticipated project accomplishments:**

Implementation of a 290 acre underburn

### **Describe the “readiness” of this project to move forward (Environmental documentation, etc.)**

The environmental analysis for this project was completed in 1996 (Final North Shore Environmental Impact Statement)

### **Describe partnerships for this project. (Include documentation)**

North Tahoe Fire Protection District and the Placer County Air Pollution Control District.

### **For Science & Research Projects describe how this project will guide future management activities:**

N/A

**Include an 8 ½ X 11 map depicting the project, or research/study area.**
